To: Office of Management & Budget
From: Brian J. Hartman, on behalf of the following organizations:
Disabilities Law Program, Community Legal Aid Society, Inc.
Developmental Disabilities Council
Governor's Advisory Council for Exceptional Citizens
State Council for Persons with Disabilities

Subject: Division of Services for Aging & Adults with Physical Disabilities FY 16 Budget
Date: November 20, 2014

Please consider this memo a summary of the oral presentation of Brian J. Hartman Esq. on behalf of the Disabilities Law Program ("DLP"), Developmental Disabilities Council ("DDC"), Governor's Advisory Council for Exceptional Citizens ("GACEC"), and the State Council for Persons with Disabilities ("SCPD"). Although input could be provided on several aspects of the DSAAPD budget, we are addressing one (1) component today, i.e., attendant services.

ATTENDANT SERVICES

As you may know, the Division administers an attendant services program in collaboration with two non-profit contractors, Easter Seals and JEVS Human Services.¹ Attendant services are subsidized to permit participants to engage in employment, attend school, or avoid institutionalization. This is a true "statewide" program. According to the latest annual report, 51% of participants live in New Castle County and 49% live in Kent and Sussex Counties.² Historically, the most prevalent disability diagnoses of participants have been Cerebral Palsy; Multiple Sclerosis (MS); and Quadriplegia. Fifty-seven percent (57%) of participants are seniors (ages 60-85+).³ On average, participants receive approximately 14 hours of services weekly.⁴

¹DSAAPD, Easter Seals, and JEVS summaries of the program are included as Attachment "A".

²The latest (FY14) DSAAPD Personal Attendant Services Program Annual Report (October 16, 2014) covers the period between July 1, 2013 and June 30, 2014. A copy would be provided on request.

³The FY14 PAS Annual Report identifies 74 total participants, of whom 31% are ages 60-74, 15% are ages 75-84%, and 11% are ages 85+.

⁴Consistent with statistics compiled in Section II of the FY14 Annual Report, participants averaged 702.7 units of service annually, i.e., 13.5 hours of service weekly.

Qualitatively, this program enjoys a terrific “track record”. As reflected in the latest consumer satisfaction ratings compiled approximately six (6) months ago, participants are overwhelmingly positive in their assessment of the program.

Individual comments are also compelling:

- Great staff, wonderful program - Because of this program I no longer go without care that I need because aides don't show up.
- I am very happy with your services to me. Thank you so much.
- I will be very proud to recommend.
- It has helped my parents tremendously - gives them a break during the week.

- Easter Seals is the best and I would like to thank you.
- Satisfied with staff and PAS program.
- I don't have many friends or family here in Delaware, but the PAS program is so helpful for me and my family. I am much happier now.
- Keep up the good work.

Quantitatively, the Department was successful in eliminating its entire waiting list for this popular program three years ago. Individuals eligible for the Medicaid DSHP Plus initiative now receive attendant services through that program. The balance are served through a combination of \$519,761 in State General Funds and \$686,100 in Tobacco funds. The Department requested level funding (\$686,100) in Tobacco funds in its FY16 application.⁵ With level funding in FY16, it expected to serve 48 individuals with the Tobacco funds and another 37 individuals with General Funds for an aggregate of 85 program participants. Unfortunately, as of September, 2014, there was already a waiting list of 128 individuals, 106 of whom were designated as "high priority".

Recommendation

Last week, the Health Fund Advisory Committee voted to recommend an across-the-board twelve percent (12%) reduction in funds for programs funded above \$100,000. This equates to an \$82,332 cut in Tobacco funds for the Attendant Services Program. We support at least level funding for this highly successful program. If Tobacco funds are reduced, we recommend increasing General Funds to compensate for the shortfall.

Investing in this program is "money well spent". The average per participant cost of attendant services is approximately \$14,294.⁶ In contrast, the average cost of a Delaware nursing home in 2014 exceeds \$88,000.⁷ In the past few years, the Department has diverted 87% of applicants for public nursing home placements by providing community supports and reduced the census of the Department's three long-term care facilities by 34%.⁸ That success is only possible with the availability of attendant services.

Thank you for your consideration.

Personal Attendant Services

Take Charge of your Life!

For adults with physical disabilities, the Personal Attendant Services program (PAS) allows people with disabilities to maintain independent lifestyles, to live in the community and make choices concerning their personal assistant needs. Individuals with disabilities taking part in the Personal Attendant Services Program choose and hire their own Personal Attendant and work with them based on their individual needs. If you need a personal attendant and qualify through the Delaware Division of Services for the Aging and Adults with Physical Disabilities (DSAAPD), our

staff can help you with the selection, hiring and training of the personal attendant. You become the employer.

Easter Seals is a resource to help you succeed in your employer/employee relationship. To find out DSAAPD's eligibility criteria, contact them at: DSAAPDinfo@state.de.us or call 1-800-223-9074.

Take charge of your life with Personal Attendant Services

Like Emmanuel, you too can have it all!

Whoever said you can't have it all doesn't know Emmanuel. He has a beautiful wife, a five-year-old son, a new house in Harrington and a great job. Who could ask for more? Not Emmanuel, who is happy to be able to provide for his family. Life has not always been this perfect for Emmanuel, who lives with Cerebral Palsy and uses a power wheelchair. It was not until he started receiving Personal Attendant Services (PAS) through Easter Seals that he could live his life to the fullest.

"Easter Seals Personal Attendant services gives me a chance to be more independent. It has opened many doors for me on a professional and social level," Emmanuel says. "It gives me a chance to go out into the community and be a part of society. This program lets us live a 'normal' life without limitations."

He was working part-time at the Boys & Girls Club in Seaford when he first started receiving Personal Attendant services. Now days, his Personal Attendant helps him get ready each morning so he can report to work at his full-time job in the Wal-Mart store in Seaford each day.

Emmanuel is a valued part of his community and often does speaking engagements in Washington and Philadelphia to encourage men to step up to the plate as good fathers, husbands and employees in society.

The Personal Attendant program is one that puts the individuals with the disability in charge. Easter Seals staff provides the training of the attendant and other administrative tasks, such as payroll, but participants are trained to hire their own attendant, and set the work schedule and duties to be performed.

For more information on Easter Seals' Personal Attendant Program, please call 1-800-677-3800.

What are Personal Assistance and Personal Attendant Services?

Personal Attendant and Personal Assistance Services (PAS) empower individuals with disabilities to maintain their independence at home and remain active in their community. Individuals receive service coordination and financial management services, which support them in the process of hiring their own personal care attendant. Individuals can hire a friend, neighbor, or relative to help them with their personal care needs. Our experienced staff can also assist individuals in finding personal care attendants who can work at the participant's requested days and times.

Are you 18 or over with a disability and want control of your own services?

Do you want the choice to hire your own personal attendant to provide your personal care?

JEVS Supports for Independence can help. We tailor your services to meet your needs!

Service Coordination Includes

- An experienced Coordinator to support you in creating an individualized service plan (ISP)
- Assistance with setting you up as an employer so you can hire personal care attendants to meet your needs

Your Personal Attendant can help you with

- Bathing, dressing, grooming, toileting, meal preparation, and transferring
- Light housekeeping such as cleaning and doing laundry
- Errands and tasks such as food shopping and visits to the pharmacy

Financial Management Services Include

- Orientation to the program for you and your employees
- A competitive pay rate for your employees
- Human Resources support that helps you find a personal attendant to fit your needs
- Completing reference and background checks.
- Assistance with establishing and maintaining workers' compensation accounts
- Assistance with payroll
- Assistance with managing employment taxes
- A phone activated time and attendance system to ensure accuracy in recording hours worked
- A convenient call in system to confirm the hours your personal care assistant has worked

Would you like a FREE one of a kind training to help you in your role as an employer?

JEVS Supports for Independence offers a free Consumer Directed Training Series for all individuals enrolled in our Self-Directed Services Programs.

Consumer Directed Training

The JEVS SFI Consumer Directed Training Series supports program participants in their role as employers. This one of a kind training consists of video and written components that cover 11 topics essential to creating an effective relationship between the participant and his or her attendant. This training is the result of a team effort involving important contributions from self-directing participants, attendants, and SFI staff.

Program Information

1. Please provide a one paragraph summary of the program.

The main goal of the Personal Attendant Services Program (PAS) is to provide attendant services to eligible adults with physical disabilities enabling them to work and/or avoid living in highly supervised institutional settings. The PAS is intended to maximize independence and autonomy for consumers. An important aspect of the Personal Attendant Services Program is self-direction. Consumers select their own attendants and direct attendant care in a manner which is consistent with their own personal lifestyle and preferences. Consumers serve as the actual employers of their attendants by hiring, training, scheduling, and directing work activities, and performing other related oversight functions. Consumers may act through a guardian or appointed representative. Currently, Personal Attendant Services is the only self-directed service administered by The Division of Services for Aging and Adults with Physical Disabilities (DSAAPD).

2. Why is there a need for the program for which your agency is seeking Health Funds?

The mission of the DSAAPD is to improve and maintain the quality of life for Delawareans who are elderly or who are at least eighteen years of age with physical disabilities. The Division is committed to the development and delivery of consumer driven services, which maximize independence through individual choice in the least restrictive environment possible, enabling individuals to continue living active and productive lives and protecting those who may be vulnerable or at risk.

The Personal Attendant Services program is an important component of the community-based long-term care systems supported by DSAAPD. The program provides personal care and other approved support services for adults with physical disabilities who need assistance to enable them to live in their own homes and communities and to carry out functions of daily living, self-care, and mobility.

Guidelines for the Personal Attendant Services program were established through the Community-Based Attendant Services Act (HB 30), which was signed into law by Governor Minner in 2001. The law (16 Del.C. Ch. 94) can be reviewed online at

<http://delcode.delaware.gov/title16/c094/index.shtml>

The Division contracts for the provision of Personal Attendant Services on a statewide basis. The contracted attendant services agency provides support to consumers in a number of important ways. For example, the provider agency carries out person-centered planning with consumers to

help them identify need and preferences. The provider agency recruits attendants and maintains a roster from which consumers can select attendants who best meet their needs. In addition, the agency provides basic training to attendants and assists consumers in billing, tax requirements, and other mandates required of consumers when hiring attendants.

Originally funded with State general funds, the program was later expanded with the addition of funds available through the State's portion of the Tobacco Settlement.

3. What are the program goals and objectives?
 - a. To provide personal attendant services to promote self-sufficiency, self-reliance, and a sense of personal responsibility among participants,
 - b. To minimize the likelihood of institutionalization and maximize the potential for independent living of individuals with disabilities,
 - c. To reduce the barriers to participation in common community-based activities.
4. Please describe the target population affected by the program.
The target population consists of adults with low incomes who require long term care supports and services to remain in the community.
5. Where will the services be provided?
The Personal Attendant Services program is statewide and provides services in the consumer's home or other community-based settings.
6. What other agencies or organizations provide services similar to those of your agency, if any? How do you propose to work with the agencies that perform similar services? **Home health agencies provide personal care services that are used as supplementary service for some recipients of attendant care. DSAAPD will continue to coordinate scheduling and service delivery issues with these agencies.**

Funding Request

1. What level of funding is your agency requesting for FY 2016?
\$686,100
2. Is the requested funding a one-time request or do you anticipate the need for on-going funding? Please explain.
The need for this funding is ongoing. It is expected that in FY 2016, Health Funds will provide attendant services for approximately 48 participants and general funds will serve an additional 37 persons for a total of 85

persons. In addition, there are currently 128 persons on the waiting list, including 106 designated as high priority.

3. Please submit a proposed line item budget (i.e., personnel, contractual, travel, supplies, etc.) explaining how you intend to use FY 2016 Health Funds. You will be asked to submit a year-end expenditure report based on the actual amount allocated in the budget.

Contractual	\$686,100
Personnel	\$0
Travel	\$0
Supplies	\$0

4. If you received Health Funds in FY 2014, please submit a year end expenditure report detailing how those funds have been used.

See attached Financial Statements. The funds were expended as follows:

- **Attendant Care** **\$686,100**
- **Care Support** **\$156,982**
- **Respite** **\$18,100**

5. Does your agency receive funding for this project from any of the following sources? If so, please provide the name of the funding source and the amount of funding received.

- State Funds (i.e., General Funds, ASF, Grant-in-Aid): **\$519,761**
- Federal Funds (including federal grants): **0**
- Other Funds (i.e., corporate grants/donations): **0**

6. In addition to sources listed in the answer to question 5, does your agency receive funding from any of the following sources? If so, please provide the name of the funding source and the amount of funding received.

- State Funds (i.e., General Funds, ASF, Grant-in-Aid): **\$20,854,758**

Program Evaluation

1. If you are currently receiving Health Funds, how have you evaluated your program's success at meeting the previously stated goals and objectives? Specifically, identify the performance measures you use and the corresponding results.

Division of Services for Aging and Adults with Physical Disabilities (DSAAPD) staff members monitor the Attendant Services program contracts to ensure that program goals are being met.

DSAAPD case managers provide oversight to ensure that services are delivered in accordance with individual care plans.

Recipients are surveyed annually regarding their satisfaction with the service. During the most recent program year, nearly all program participants indicated that the attendant services met their expectations, that their interactions with staff were good and that the staff members were responsive to their needs.

DSAAPD utilizes a tracking system which closely monitors service utilization. This system enables staff to accurately project service hour availability and allows for efficient use of existing resources.

2. If you are currently receiving Health Funds and did not meet your stated goals and objectives, how will you modify your program to meet the stated goals and objectives?

DSAAPD has met our current goals and objectives.

Agreement

DSAAPD agrees to the following as a condition of receiving
(Agency name)
Health Funds:

1. To submit funding requests on the forms provided at the times designated and to participate in the allocations review process.
2. To provide an annual certified audit and other financial statements, service figures, and reports or audits as required by the State of Delaware.
3. To cooperate with other organizations, both voluntary and public, in responding to the needs of the community and in promoting high standards of efficiency and effectiveness.
4. To submit accurate information with this application. NOTE: Any misstatement of facts may forfeit any remaining balance of grants due and/or future grants.
5. That this agency meets the criteria established by the Health Fund Advisory Committee and uses any funds appropriated by the General Assembly in accordance with those provisions and any additional restrictions that may be set forth in State Law.
6. This agency will provide the Health Fund Advisory Committee with financial or programmatic information upon request.

MEMORANDUM

REPLY TO
ATTN. OF: Administrative Notice DMMA-11-2013

TO: All DMMA Staff

DATE: September 30, 2014

SUBJECT: Nursing Home Private Pay Rate

BACKGROUND

Section 1917(c) of the Social Security Act stipulates that a period of ineligibility must be assessed when a Medicaid applicant has transferred assets for less than fair market value. The average monthly cost to a private pay patient of a nursing facility is used to determine this period of ineligibility.

Note: This is not the average Medicaid per diem rate.

DISCUSSION

The daily average usual and customary nursing facility charge for a private pay patient is calculated annually. This amount is then rounded up or down, based on normal rounding rules. A monthly rate is obtained by multiplying the rounded daily rate by 30.42 days. These figures are used to calculate the period of ineligibility.

Effective January 1, 2014 the daily and monthly rates are:

Average daily cost to a private pay patient of a nursing facility in Delaware	\$ 241.00
Average monthly cost to a private pay patient of a nursing facility in Delaware	\$7,331.00

ACTION REQUIRED

DMMA staff should use these figures when calculating a period of ineligibility for applications filed on or after January 1, 2014. Policy DSSM 20350.3 and DSSM 20350.3.1 should be reviewed.

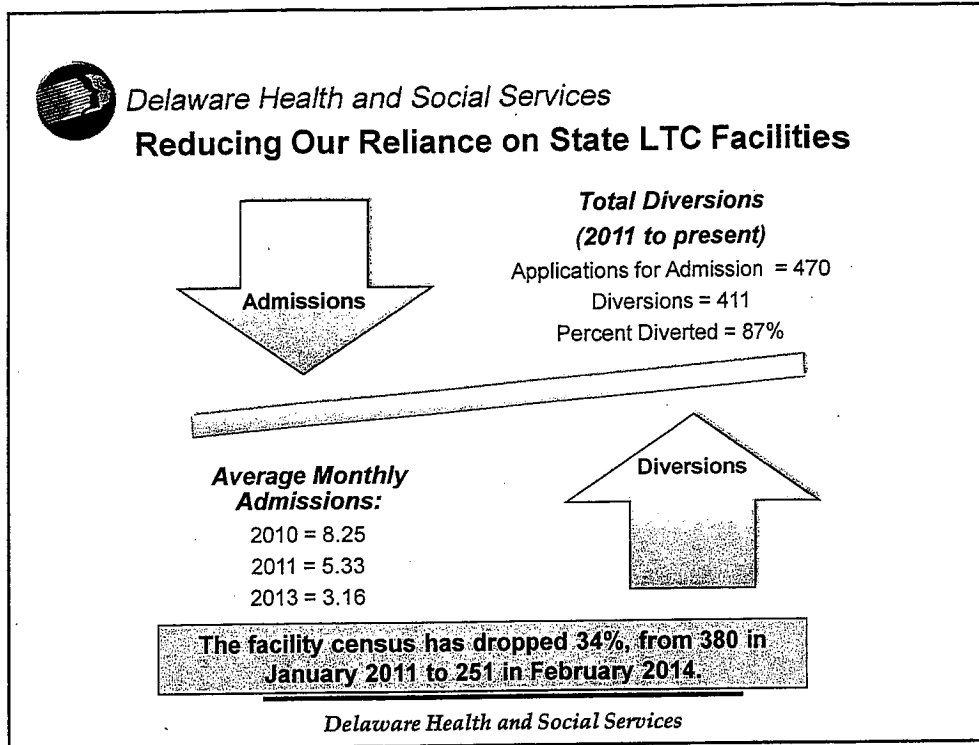

DCIS II will be updated with these figures.

Several studies released in recent years provide evidence that Delaware is over reliant on facility-based services – a model of service delivery that is not sustainable given the rapidly growing aging population, nor does this model effectively support the needs of Delaware’s older population and those with disabilities. For example, one study showed that Delaware has a high rate of nursing home residents with low care needs (13.5%) relative to the average rates of the top five states (5.4%). Surveys also report that the overwhelming majority (86% plus) of Delawareans want services that support them in their own homes. We must also ensure our compliance with the Americans with Disabilities Act which mandates that public agencies provide services in the most integrated setting appropriate to individual needs. We are rebalancing our allocation of resources to more effectively meet needs not by restricting access to facility-based services when needed, but by improving access to community-based services. Many Delawareans historically placed in nursing facilities can be more effectively supported in the community – and that is what people want.

Our Care Transitions Team is diverting admissions where appropriate to community-based services that enable individuals to continue to live in their own homes with wrap-around services, or to private facilities. Since February 2011, 87% of referrals for admission were diverted, enabling us to reduce average admissions from over 8 per month to 3 per month and to reduce our census across the three facilities by 34%.

As the capacity of Delaware’s community-based services continues to grow, we expect the census of our three long-term care facilities to continue to decline. In addition to supporting more Delawareans in settings they prefer that are more cost effective, the reduced census has enabled us to reduce staffing, reduce costs for medical services and medications, and significantly reduce overtime costs.

Thank You.

Delaware Health and Social Services

I would like to note that the Governor's Recommended Budget will enable us to leverage funding for community-based services and continue to build access to those services. Although specific budget changes to DSAAPD's FY 2015 budget relate to ASF accounts in our three facilities' budgets, the Division's target population benefits greatly from growth in the Medicaid budget, especially the implementation of the Diamond State Health Plan Plus and PACE initiatives referenced earlier. These two initiatives have put Delaware in a much better position to support the needs of our rapidly growing aging population. I also want to emphasize the addition of \$700,000 in the FY 14 Budget to prevent the growth of waiting lists for the critically needed Meals on Wheels program serving homebound seniors. These were all important funding additions for which I thank Governor Markell, OMB Director Visalli, Secretary Landgraf, and each of the members of the Joint Finance Committee.

Thank you and I look forward to your questions.
