Mr. Jamie Mack Division of Public Health Jesse Cooper Building 417 Federal Street Dover, DE 19901

RE: 20 DE Reg. 770 [DPH DMOST Regulation (4/1/17)]

Dear Mr. Mack:

The State Council for Persons with Disabilities (SCPD) has reviewed the Division of Public Health's (DPH's) proposal to adopt a brief amendment to its regulations covering Delaware Medical Orders for Scope of Treatment (DMOST). The proposed regulation was published in the April 1, 2107 Register of Regulations.

Section 2.1.1 would be amended to clarify that the DMOST form's identification section must include the patient's address of record, phone number, and gender. The form (attached) already included these fields but the regulation did not require their inclusion. The proposed amendment is benign and essentially a "housekeeping" initiative.

The SCPD is endorsing the proposed regulation.

Thank you for your consideration and please contact SCPD if you have any questions or comments regarding our position on the proposed regulation.

Sincerely,

Jamie Wolfe, Chairperson
