RE: Accessible Parking Signage Requirements

Dear Mr. Petit de Mange:

I write on behalf of the State Council for Persons with Disabilities (SCPD) regarding the implementation of H.B. 172 (attached) which was signed by the Governor on July 3, 2003. Consistent with the synopsis, this bill requires county governments and the governments of incorporated municipalities to adopt regulations or ordinances regarding signage on parking spaces for use by persons with disabilities. The regulations and ordinances must include enforcement and penalty provisions, as well as a provision which requires that a warning be issued to give an offender 30 days to comply with signage requirements. This bill was companion legislation to H.B. 447 which was enacted into in 2002 and amended parking laws regarding persons with disabilities.

SCPD is charged in 29 Del.C, Section 8210 with the responsibility of proposing and promoting legislation, regulations and policies to improve the lives of individuals with disabilities. Council respectfully requests the appropriate regulations and/or ordinances which satisfy the mandates of H.B. 172. Please provide this information by April 30, 2013.

Thank you for your consideration and please contact SCPD if you have any questions or comments regarding this issue.

Sincerely,

Danise Mc Mullin Powell

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF DELAWARE (Two-thirds of all members elected to each house thereof concurring therein):

Section 1. Amend Chapter 3, Title 9 of the Delaware Code by adding thereto a new section to read:

"§310. Parking spaces for use by persons with disabilities.

(a) The county government of each of the 3 Delaware counties shall, on or before January 1, 2004, and the municipal government of each incorporated municipality within each county shall, on or before March 1, 2004, adopt regulations or ordinances regarding the duty of individuals and artificial entities to erect and maintain signage on parking spaces or zones for use by persons with disabilities.

(b) The signage regulations or ordinances adopted pursuant to subsection (a) of this section must include an enforcement provision, a penalty provision, and a provision which requires an enforcement officer to first issue a written warning to an individual or artificial entity who is required to erect and maintain signage, but has failed to do so. If, after 30 days from the date that a warning is issued, the individual or artificial entity has not erected and/or maintained the required signage, the enforcement officer may issue a summons or apply for a warrant in the name of the offending individual or artificial entity.

(c) A municipality may elect to adopt the signage regulations or ordinances of the county government of the county in which the municipality is located. A municipality which elects to do so may also adopt additional regulations or ordinances as required by its own particular conditions. Whether a municipality adopts its own signage regulations or ordinances, or adopts the regulations or ordinances of the county along with additional regulations or ordinances to meet particular conditions, the municipality's adopted regulations or ordinances may not be less restrictive than those of the county."
